

Mobile Shredding Trucks

Ameri-Shred excels at affordable mobile document destruction options. They include a Series 1 industrial paper shredder that is manually fed by pushing the paper onto its 16" wide infeed conveyor.

This is more labor intensive than an automated truck, but the cost is far less. You are also able to sort the paper in order to recoup maximum value.

Mobile Option	Throughput	Horsepower	Features	Cost
Entry Level Truck	Up to 1200 Lbs. Per Hour	10 HP	Cart Tipper Optional Manually Fed Bagged Discharge	\$38,000 - \$45,000
Shredding Trailer	Up to 800 Lbs. Per Hour	5 HP	Built In Cart Tipper Manually Fed Hydraulically Unloaded	\$70,000 - \$80,000
Full Size Truck	Up to 1500 Lbs. Per Hour	10 HP	Candy Cane Tote Lifter Manually Fed Hydraulically Unloaded	\$130,000 - \$160,000

Series 1 Industrial Paper Shredders

are designed for high volume, centralized shredding and are used for our mobile applications.

They will shred corrugated boxes, credit cards and DVD's as easily as paper. You have a choice of shred sizes but should expect a decrease in throughput with smaller particle sizes.

- 16" wide infeed conveyor
- Solid steel construction
- Extra wide feed table
- 208, 230 or 460 volt; 3 phase
- Auto lubrication available
- Heavy duty casters
- One year warranty on parts
- 59" L x 36" W x 47.5" H

Entry Level Mobile Shredding Truck

Customer Provided Box Truck
\$35,000 - \$45,000

Shredder	¼" Strip Cut	5/16" Strip Cut	¼" x 1-7/8" Cross Cut
